

Paws of Honor Golf TOURNAMENT 2020

SPONSORSHIP OPPORTUNITIES

PROBLEM

All over the Washington, D.C. Metropolitan area, there are retired military and law enforcement K-9s, which like any pet, need proper medical attention to live healthy, happy lives. Because of the demanding nature of their jobs, many of these K-9s require additional care, especially as they age, for problems such as arthritis, separation anxiety, and pain management.

SOLUTION

Paws of Honor partners with selected veterinarians, dog food companies, veterinary supply distributors and drug manufacturers, assisted by charitable contributions from private and corporate partners, to provide services and products for the retired K-9s, with the goal of zero cost* to the officer/handler/owner.

**Based on charitable contributions*

DONATE

Your donation, along with donated services from Old Dominion Animal Health Center, and in partnership with veterinary manufacturers and vendors, will help subsidize professional veterinary medical care for these brave animals in our community, making sure they can enjoy quality senior years of life, and that their officers/handlers/owners are not unduly burdened by cost.

MISSION STATEMENT

The goal of **Paws of Honor** (POH) is to provide veterinary care and products at no charge* for retired military and law enforcement K-9s in the Washington, D.C. Metropolitan area that have served our country, locally or globally. Retired K-9s deserve accessible, high-quality veterinary care in return for their commitment and sacrifice for our country, and the monetary burden associated with veterinary care should not fall on the shoulders of the officer/handler/owner once the K-9 has been decommissioned.
